Created by a worldwide network of analysts

We maintain a global network of over 650 analysts, based in more than 100 countries, who monitor world events and prepare analytical briefings on their implications for business. They also draw on the Economist Intelligence Unit's continuously updated database of country, industry and best-practice information.

ViewsWire provides analysis, data and commentary drawn from the full resources of The Economist Group, including *The Economist* and *CFO* magazine. We have also established strategic alliances with other reputable intelligence-gathering organisations, including the *Financial Times*, the BBC, Tribune Media and Datamonitor.

A rich source of reliable data and analysis

- **Analysis, not news**
ViewsWire gives you hard-edged analysis, telling you what world events actually mean for your business.
- **Timely business intelligence**
ViewsWire gives you the intelligence you want within 24 hours of critical events that may have an impact on your business.

- **Concise and to the point**

Each briefing on ViewsWire gets straight to the point. Our expert analysts draw out the fundamental implications of key events, presenting subscribers with more than 250 concise articles and data files every day.

- **Intuitive searching**

Finding what you want on ViewsWire is simple and quick. Every country has its own homepage from which you can pinpoint the analysis you want. Or you can choose a channel, such as politics or finance, and assess global trends in that area.

- **Financial coverage**

ViewsWire helps you keep tabs on global financial indicators, distilling a wide range of sources into a dedicated channel of news analysis and statistics.

- **Downloadable data**

Download complete tables in Excel® spreadsheet format directly into your own documents.

- **Daily e-mail alerts**

Every working day more than 250 different articles and features are published on ViewsWire. You can register to receive a daily e-mail newsletter which prioritises our latest analysis and provides subscribers with up to the minute interpretation of the key issues and developments facing them.
